RECEIVED
July 10, 2025
IDAHO PUBLIC
UTILITIES COMMISSION

Attorney for the Northwest Energy Coalition

**BEFORE THE
IDAHO PUBLIC UTILITIES COMMISSION**

IN THE MATTER OF THE APPLICATION OF)	CASE NO. IPC-E-25-16
IDAHO POWER COMPANY FOR)	PETITION TO INTERVENE
AUTHORITY TO INCREASE ITS RATES)	OF THE NORTHWEST ENERGY
AND CHARGES FOR ELECTRIC SERVICE)	COALITION
IN THE STATE OF IDAHO.)	

COMES NOW, The Northwest Energy Coalition hereinafter referred to as "NVEC," and pursuant to this Commission's Rules of Procedure, Rule 71 IDAPA 31.01.01.71 - .73, hereby petitions the Commission for leave to intervene herein and to appear and participate herein as a party.

NVEC recognizes that this Petition is filed after the intervention deadline of July 7, 2025. This delay is due to NVEC staff addressing other prioritized workload and being out of the office toward the end of the intervention period. NVEC commits to following all existing schedules, avoiding any undue delay, and not expanding the issue beyond those raised in Idaho Power's Application, as those may further develop during this case. Because no substantive actions have occurred in this docket to date, we believe our late intervention will not prejudice any existing party. Based on this explanation and the further information detailed below, we respectfully request that the Commission grant this untimely Petition.

1. The name and address of this Intervenor is:

Northwest Energy Coalition
c/o Benjamin J. Otto
1407 W Cottonwood Crt.
Boise, Idaho 83702
Telephone: (208) 724-1585
ben@nwenergy.org

Copies of all pleadings, production requests, production responses, Commission orders and other documents should be provided to Benjamin Otto as noted above, as well as:

Lauren McCloy, NWECE Utility and Regulatory Director, lauren@nwenergy.org
Derek Goldman, NWECE Policy Associate, derek@nwenergy.org

2. The Northwest Energy Coalition (NWECE) is a 501c3 public interest organization with individual and organizational members in Idaho, Oregon, Montana, and Washington with a decades-long interest in advocating for reliable and affordable energy that protects the natural values important to residents of the Northwest. NWECE seeks to intervene in this matter on behalf of our Idaho members, both individual and entities, who are residential and small commercial customers of Idaho Power. NWECE claims a direct and substantial interest in this proceeding in that the rates its members pay to Idaho Power Company and the quality of service they receive from Idaho Power Company will likely be affected by the outcome of this proceeding.

3. NWECE intends to participate herein as a party, and if necessary, to introduce evidence, cross-examine witnesses, call and examine witnesses, and be heard in argument. The nature and quality of evidence that NWECE will introduce depend upon the nature and effect of other evidence in this proceeding.

4. Without the opportunity to intervene herein, NWECE would be deprived of the most effective and efficient means to participate fully in this proceeding, which may have a material impact on the electric rates our members who are Idaho Power customers pay and the quality of electricity they receive. NWECE has a long history of engaging in Idaho Power issues as well as general rate cases and other regulatory proceedings for utilities across the Northwest. Our organization and members have strong interests in fair and accurate cost allocation, ensuring prudent investments to address load growth, wildfire mitigation, adding clean and reliable resources, and rate designs that encourage the efficient use of Idaho Power's valuable energy resources. These interests are unique to our organization and members and not adequately represented by any current intervening party.

WHEREFORE, NWECE respectfully requests that the Commission grant this Petition to Intervene and allow NWECE to participate fully in this proceeding.

Respectfully submitted this 10th day of July, 2025, by

Benjamin J. Otto
